

## **LOCAL OB-GYN WELCOMES CERTIFIED NURSE-MIDWIFE, AMY L. METZGER**

*Metzger joins Women's Health Associates as an experienced member of the team*

### **For Immediate Release**

**May 13, 2014, SPRINGFIELD, WESTFIELD, MASS.** – [Women's Health Associates](#), a specialized women's health care practice providing obstetrical and gynecological care in Springfield and Westfield, Mass., today announced the appointment of Certified Nurse-Midwife, Amy L. Metzger. Prior to joining Women's Health Associates, Metzger provided midwifery services at Hampshire OB-GYN Associates of Northampton, Mass.

"Amy has over two decades of experience as a certified nurse-midwife," said Dr. Robert S. Wool of Women's Health Associates. "She is knowledgeable and provides the personalized care our patients have come to expect."

Metzger, of Florence, Mass., provides women's health care to patients from their early teenaged years to elders including wellness care – such as annual exams – to birth control, treatment to manage menopausal symptoms, illness care – such as infections, abnormal bleeding and pain – and prenatal and postpartum pregnancy care. As a certified nurse-midwife, Metzger has a master of science in nursing from the Yale University School of Nursing (1989) and a bachelor of science in nursing she received at Nazareth College of Rochester (1987).

"I am thrilled to join Women's Health Associates," said Metzger. "I take pride in staying active in the latest developments of women's health care, belong to the American College of Nurse Midwives and look forward to providing the best possible experience for our patients."

Women's Health Associates offers complete women's health care including gynecology, obstetrics, hormone replacement therapy, bone health and testing, laser skin therapy and sterilization. Metzger works alongside Dr. Robert S. Wool, Dr. Jaqueline S. Kates and fellow Certified Nurse Midwife, Debra (Burt) Ames.

### **About Women's Health Associates**

Dr. Robert Wool and his experienced staff have built a compassionate and caring practice that is dedicated to the "Art of Medicine" in the modern world. They know that the latest technology cannot replace the understanding and intuition of a conscientious, empathetic practitioner. WHA is small enough to remember their patients by name and give them personal attention, but large enough to offer the most advanced medical technology backed with years of experience. WHA services include gynecological, prenatal and obstetrical care, opportunities for endometrial ablation, hormone replacement therapy and sterilization. They offer state-of-the-art bone health and testing, obstetric and gynecologic ultrasound, laser therapy for line and age spot removal, hair removal, treatment for acne and tattoo removal. More information about Dr. Wool and the two WHA offices in Springfield and Westfield, Mass. can be found at [WHAOB-GYN.com](http://WHAOB-GYN.com).
